FPL	Federal Poverty Level
Household Size	Eligibility for financial assistance from the Marketplace is based upon your tax household. Only those family members that are claimed as your tax dependent can be included on a Marketplace policy
MAGI	Modified Adjusted Gross Income is the income figure that the Marketplace uses to determine eligibility for financial assistance. For most people this is adjusted gross income from their tax return plus any nontaxable Social Security benefits
PTC minimum	Premium Tax Credit minimum MAGI for eligibility for financial assistance. Those with income below this level are not eligible.
NE Medicaid*	Nebraskans up to 138% of the FPL MAY qualify for the expanded Medicaid program on 10/1/20. http://dhhs.ne.gov/Pages/Medicaid-Expansion.aspx
CSR 94	Those with MAGI between 100% and 150% of the FPL may be eligible for the CSR 94 benefit plan
Medicaid 1*	194% of the FPL is the CURRENT threshold for pregnant women to receive Medicaid benefits from the state of Nebraska
CSR 87	Those with MAGI between 151% and 200% of the FPL may be eligible for the CSR 87 benefit plan
Medicaid 2*	213% of the FPL is the CURRENT threshold for children under the age of 19 to receive Medicaid benefits from the state of Nebraska
CSR 73	Those with MAGI between 201% and 250% of the FPL may be eligible for the CSR 73 benefit plan
PTC maximum	Premium Tax Credit maximum MAGI for eligibility for financial assistance. Those with income above this level are not eligible.
