

Introducing the new Medicare Product Portal!

UnitedHealthcare would like to invite you to experience the new Medicare Product Portal as your one-stop shop to learn about 2024 Medicare Advantage plans. Finding, learning, and comparing market-specific plan information is easier than ever with this new tool! Use the Medicare Product Portal to:

- Customize the tool to the specific service area that matters to you
- Choose what plans you want to compare side-by-side
- Dive deep into a specific plan and access detailed information
- Add your favorite plans to your profile to easily save and revisit
- Search the 'Local Support' tab to find and connect with sales leadership whenever you need guidance

The Medicare Product Portal is part of our on-going commitment to innovate and deliver new tools to support you and aims to transform how you access and engage with 2024 benefit information. With just a tap or click on your web browser, everything you need is at your fingertips to prepare for the Annual Enrollment Period. Check out some of the features by viewing this video:

Explore the Medicare Product Portal today

To access the portal, visit *Jarvis* and click "Knowledge Center" in the blue ribbon at the top. From there, select "Medicare Product Portal." Or, select "Medicare Product Portal" from the tiles in the middle of the homepage.

Please reach out to your Market Growth Manager or PHD if you have any questions about the Medicare Product Portal. Thank you for your partnership.
